

SUSTAINABLE  
HOMES

THE LEARNING YEAR GIVES HOUSING PROVIDERS THE OPPORTUNITY TO MEET AND DISCUSS ENVIRONMENTAL ISSUES WITH PEERS, PRACTITIONERS AND EXPERTS. **THE LEARNING YEAR IS INSPIRED BY MEMBERS.**

## SHIFT LEARNING YEAR

SHIFT:  
Sustainable Homes  
Index For Tomorrow

“Really useful event. All sessions very interesting. Great networking too. I learnt loads from other members. Excellent!”

**Owen Daggett**

Wakefield & District Housing

“The case studies gave good information and useful ideas to use within our own organisation”

**Saadia Chowdry**

A2Dominion Group

“Brilliant range of topics- will help us give focus to our existing homes improvement programme. The case studies gave a demonstration of what a housing association can achieve”

**Sarah McClelland**

Great Places

Attendees share low carbon thoughts

## Network

with people in other organisations who are championing green issues.

## Experts

hear from national experts. Speak with and challenge them throughout the day.

## Knowledge

receive leading research and guidance on relevant and topical issues.

This is part of a package - members can also gain from an independent SHIFT assessment.

SUSTAINABLE  
HOMES

## SHIFT LEARNING YEAR

### THE PROGRAMME

- › Practical guidance and real case studies
- › Measuring carbon emissions
- › Policy updates
- › Peer learning and expert presentations
- › Practical solutions for new and existing homes
- › Future proofing
- › Achieving low impact offices and fleet efficiency
- › Managing risk and contingency planning
- › Engaging staff, residents and communities

Members work together to share good practice and practical responses to deliver sustainable homes. Running from May to April the Learning Year is inspired by SHIFT members.

The Learning Year assists members to deliver economic, social and environmental benefits. Practical solutions are provided, for the delivery of sustainable development on the ground.

The learning year is inspired by SHIFT members. In addition to papers and discussions events occur from May to April focused on the following key topics:

1. Getting our stock to low carbon
2. Engaging with residents in a meaning full way
3. A focus on the issues of the North of England
4. Reducing your office impacts
5. Spotlight on the issues of the south
6. Press reception and celebration of SHIFT results
7. Adaptation to our changing climate

“RSLs have a huge impact on the environment, residents and society. SHIFT helps RSLs to improve their performance. We are committed to assisting housing providers reduce their environmental impact and improve quality of life”
